

Hello, my name is Ruth Hager and I am excited to be working here at TLC. Before I started working here much of my time was volunteering at church and school along with a small part time job.

In beginning my work with Drs. Dean and Jen I knew absolutely nothing about chiropractic; let alone their unique coaching program. My employment here has been beneficial in my personal life, my professional life, as well as my health. I am adjusted regularly and like you, I continue to learn more about TLC processes every day. Here's to our learning and growing together...

Here at TLC some of my position includes the following:

- Human Resources
- Membership fees
- Event Accounting
- Event Preparation

Please know that we are here to serve you and we will do our best in making sure that all of your questions are answered.

We look forward to working with you and your team!  
Ruth
