SUMMARY

Burke Larsen, DC, is a passionate and skilled chiropractor who is dedicated to empowering his patients and colleagues with the understanding of where true health comes from, and how to improve and maintain that by trusting the design of their body to express their God given potential to the fullest.

EDUCATION

- 2007-2009: Parker College of Chiropractic, Doctorate of Chiropractic - Graduated Cum Laude
- International Academy of Medical Acupuncture, Fellow
- Parker College of Chiropractic, Bachelor of Science in Anatomy
- Utah Valley State College, Associate of Science

CLINICAL EXPERIENCE

LIFETIME FAMILY WELLNESS March 2015 to Present

Opened a private, wellness-based practice in Northern Utah and created a thriving patient base that outgrew original location within 2 1/2 years. Continue to provide outstanding care for families and individuals while striving to change the public's perception of chiropractic to a source of wellness and true health.

SANPETE FAMILY WELLNESS April 2010 to December 2014

Opened a private practice in rural Utah following the worst economic downturn in recent history and grew it into the thriving source for holistic health care for the small towns/communities within a 60+ mile radius.

ABSOLUTE HEALTH CHIROPRACTIC January 2010 to March 2010

Provided chiropractic coverage for an established chiropractor's high volume practice due to him experiencing viral congestive heart failure. Adjusted 50+ patients a day within a month of graduating chiropractic school, keeping his thriving practice alive and well while he healed.

CAREER HIGHLIGHTS

- Speaker/trainer for TLC4Superteams, a true coaching company focused on bringing procedures and disciplines together and achieving results.
- Chiropractor for Weber State University athletes, adjusting athletes from all sports teams on a weekly basis in Weber State training facility.
