Fuel from the Fans

“Great speaker – dynamic! Kept my interest the entire time. He really believes what he preaches. Loved the program! Will attend again. Lucid, humorous – never boring. Very refreshing to have an integrated seminar of research and philosophy to build the confidence in practice. Dr. DePice also made it practical by implementing exercises during the session.”

~ Ohio State Chiropractic Association

“What can you say... Dr. DePice is ALWAYS willing to help in any way. He preaches from the heart... he wants to help chiropractors help patients. We appreciate Dr. DePice and all he does to help others... help others!”

~ Palmetto State Chiropractic Association

“Dr DePice rocked the place. New practitioners and veterans alike were pushed to think differently, both in their offices and for the profession. Everyone went home changed for the better after our weekend together. Thank you Dr Dean!”
