Dr. Dean DePice has been a new and refreshing voice in Chiropractic; a voice that helps people discover lives and practices of both success and significance. He is sincere, motivating, filled with integrity, driven by a desire to serve while being absolutely clear on the purpose and principles of chiropractic and their profound implications in today's health care market. If it carries the "DePice label" you can be sure it is an intellectual product of excellence and possibility.

Chiropractic College President

**T**he best thing about being in the student program was getting engaged consistently with the appropriate tools for building our dream practice."

**I** was a member of the TLC student program at Life University. It is extremely important to learn and understand what it is like outside of school. The student program gives you a great opportunity to get in touch with true leaders in our profession. TLC is not only designed to help you out in practice but it's designed to help you learn while in school so that you can be better prepared once you are ready to serve the world! I highly recommend you utilize TLC during your success as a student." ~ Dr. J.E.

### Start Up:

**T**LC helped us build from scratch by giving us the tools and confidence necessary to run an office with systems that help build a wellness practice!" ~ Dr. C.H.

**I** don't know where I would be without TLC. I recently opened the doors to my new practice and have been coaching with TLC. If it weren't for Dr. Dean and the TLC team I may be months from opening, instead we are on our way to success!" ~ Dr. J.E.

YOU ARE THE MAGIC BULLET  
GROW YOUR NEW PATIENTS

## TLC's Prosperous Practice Launch Program

TLC gives you all the steps to grow your clinic practice that you will use in practice later
